

Crazy Girl

Rita Ora

Verse 1:

I see you watching, I see you wanting it
right now I'm testing you, with every chance I get
I'm igniting you, explosion
cant deny the compulsion
get ready, get set-t, on your runway, jet-t
Get up on me, grind me faster tell me baby what you want
loving how I throw this body know you wanna give me some
careful baby, I am nothing like them other girls
ill eat you up

Chorus:

Boy I'm a crazy girl, the kinda girl you might not wanna take you see your momma
Boy I am a crazy girl, if you fall for me prepare for a little drama
So you say you ready, for a love that's so extreme
you want it, soon you will see I'm a crazy girl

Verse 2:

I'm loves anti matter, destroyer
gotta work for this, employer
got you racing, anticipating, what you wanna do to me
I'm a big arrest, a bigger reward
but can you handle what you begging me for
Get up on me, grind me faster tell me baby what you want
loving how I throw this body know you wanna give me some
careful baby, I am nothing like them other girls
ill eat you up

Chorus:

Boy I'm a crazy girl, the kinda girl you might not wanna take you see your momma
Boy I am a crazy girl, if you fall for me prepare for a little drama
So you say you ready, for a love that's so extreme
you want it, soon you will see I'm a crazy girl [x2]
