Girl Band

You just shit in my neighbors garden
Sit on her lap, Professional CatMeow-t of the question
Feline after next one
What's that? Professional CatNip out and get in more
Wha d'ya act like a bitch for?
You're a cat, A Professional CatAwlyaawlyaawlyaYou just shit in my neighbors garden
Sit on her lap, Professional CatMeow-t of the question
Feline after next one
What's that? Professional CatFood that suit you
Like sardines and puke soup
Nice lad for walking my catNonsensical senses
Contract-able lenses
That's mad. Walking my catStraight
to the juice now now
Virtually almost
Licked it off the groundThere's
no one new around you
Play the floor is lava
And I skimmed your blurbA
closet villa fan
Doing karaoke
What's he doing with his hands?
Dad,
should have left it in the curtains
The frilliest curtains
For certain it's sadFood that suits you
Like sardines and puke soup
Nice Lad for walking my catNonsensical senses
Contract-able lenses
That's mad. Walking your catNip out and get in more
Wha d'ya act like a bitch for?
You're a cat, A professional catDad,
should have left it in the curtains
The frilliest curtains
