Party's Over

Tesla

It's the same old song and dance,
You're askin' me for a second chance.
I don't care, baby, what you say,
All I wanna do is gotta get away.
Been too many times callin' out your name,
You promised me, but you never came.
Was it, baby, all a game to you? Yeah.
After all the things that I've done for you,
Say your love, your love, could not be true.
I don't need nobody like you.
So turn out the lights, the party's over.
Turn out the lights, the party's over for you.
This time is the last time, never be a next time.
Tonight I wanna dance to a brand new tune.
You know, it took so long for me to realize
You got a cheatin' heart full of dirty lies.
Now listen baby, I got news for you.
Now don'tcha come knockin' on my door.
'Cause I don't want your love no more.
I don't need nobody like you.

So turn out the lights, (lights out) the party's over.
Turn out the lights, (lights out) the party's over for you.
This time is the last time, never be a next time.
Tonight I wanna dance to rock and roll.
I guess it must-a been you were so caught up
That you didn't even notice we were fallin apart.
Now you played the game, now you play the fool.
I don't need nobody like you.
I don't want it. I don't need it.
No, no, nobody like you. All I got to say.
So turn out the lights, (lights out) the party's over.
Turn out the lights, (lights out) the party's over for you.
This time is the last time, never be a next time.
Turn out the lights, the party's over.
Turn out the lights.
Turn out the lights. (turn out the lights)
Turn out the lights, the party's over.
Turn out the lights. (turn out the lights)

Turn out the lights, (lights out) the party's over.
Turn out the lights, the party's over. Yeah.
