

# I Couldn't Dream

[John Michael Montgomery](#)

When we're this close I can almost hear your heart beat  
As you softly breathe lyin' here with me  
Your skin's like a canvas being painted by the moonbeams  
Truly a masterpiece, to you it comes naturally I couldn't dream a love better than this  
Could never imagine such a kiss  
Or the way your body feels in my arms Old Mister Sandman, I'll resist  
'Cause if I were to sleep look at all I'd miss  
I couldn't dream a love better than this It's getting late but I don't want to close my eyes  
I don't care about the time or the world outside  
We're movin' to the music playin' in our minds  
The mood's just right for staying up all night I couldn't dream a love better than this  
Could never imagine such a kiss  
Or the way your body feels in my arms Old Mister Sandman, I'll resist  
'Cause if I were to sleep look at all I'd miss  
I couldn't dream a love better than this I've had my fantasies  
None compare to reality I couldn't dream a love better than this  
Could never imagine such a kiss  
Or the way your body feels in my arms Old Mister Sandman, I'll resist  
'Cause if I were to sleep look at all I'd miss  
I couldn't dream, I couldn't dream a love better than this I can't get no sleep  
I couldn't dream a love better than this
