

Yes Man

Munchausen By Proxy

Click, Click
Got you in the moment stuck in grey
Tough Shit
There's so many of you up in the sink
Come on get on
Right moment in the right time
This is it
Is your love changing or is it mine?

Yes man!
Letâ€™s go for a ride
Thereâ€™s so many lanes that we could try
There are so many rules no need to abide
Throw my helmet on, hold on tight
Oh now youâ€™re mine oh mine

Yes man!
Letâ€™s go for a ride
Thereâ€™s so many lanes that we could try
There are so many rules no need to abide
Throw my helmet on, hold on tight
Oh now youâ€™re mine oh mine

Could this be it
I like to think my mind could change on a dime
Just stick with it
See something different deep in your eyes
Cut the shit
This haunted secret be mighty mine
Who you kidding?
Letâ€™s make it your place or how bout mine?

Yes man!
Letâ€™s go for a ride
Thereâ€™s so many lanes that we could try
There are so many rules no need to abide
Throw my helmet on, hold on tight
Oh now youâ€™re mine oh mine

Yes man!

Let's go for a ride
There's so many lanes that we could try
There are so many rules no need to abide
Throw my helmet on, hold on tight
Oh now you're mine oh mine

Let's go for a ride
Let's go for a ride
Come ooonnn m-m-man
Let's go fo' a ride

(Instrumental)

Yes man!
Let's go for a ride
There's so many lanes that we could try

Throw my helmet on, hold on tight
Oh now you're mine oh mine

Yes man!
Let's go for a ride
There's so many lanes that we could try
There are so many rules no need to abide
Throw my helmet on, hold on tight
Oh now you're mine oh mine
