Coney Island Steeplechase

The Velvet Underground

Would you like to go on the Coney island steeple
Go and have a good time
We'll take the subway right down to King's highway
Gonna have a good timeOh it'd be so nice like summer with ice
If you come and go with me
The roller coaster you and me
Just tryWould you like to go on the Coney island steeple
Go and have a good time
Like a sister and brother we'll cling to each other
When they find out their parents aren't thereOh it'd be so nice like choco with ice
Oh if you come and go with me
How nice it would be
Don't be so shyMonday
