

Lonely Way

The Skyliners

I'll go my lonely way
now that you're gone
I'll walk the lonely streets, from dusk til dawn.
If I can't walk along with you,
then I'll go my lonely way.
Background: Go my Lonely Way
You had to go your way,
I don't know why.
If friends should ask me dear,
whats my reply?
Thats why I'll go on loving you
and go on my lonely way.
I've had my chance for romance
to give my heart anew
but then you said goodbye dear
you know you took my heart and soul with you.
Each night I say a prayer
for your return, until that day my dear
my heart will yearn.
Till you are in my arms again
I'll go my lonely way
