The Fault In Our Stars

Birdy

The weight
of a simple human emotion
weighs me down
more than the tank ever didThe pain
it's determined and demanding
to ache, but I'm okay . . .And I don't want to let this go
I don't want to lose control
I just want to see the stars with youAnd I don't wanna say goodbye
someone tell me why
I just want to see the stars with youYou lost, a part of your existence
in the war, against yourself
oh, the lights,
they light up in lights of sadness
telling you, it's time to goAnd I don't want to let this go
I don't want to lose control
I just want to see the stars with youAnd I don't wanna say goodbye
someone tell me why
I just want to see the stars with youDon't give it up just yet stay grand
for one more minute, don't give it up
just yet stay grandDon't give it up just yet stay grand
for one more minute, don't give it up
just yet stay grandDon't give it up just yet stay grand
for one more minute, don't give it up
just yet stay grandAnd I don't want to let this go
I don't want to lose control
I just want to see the stars with youAnd I don't wanna say goodbye
someone tell me why
I just want to see the stars with youWith you
