

# Sadder Than You

Angus & Julia Stone

I don't deserve love  
I slapped him in the face  
as he stood by the bed  
and said i love you he told me  
i'd taste the pain  
but i taste it everyday you win  
I'm sadder than you  
you win  
I'm sadder than you  
you win  
I'm sadder than you  
you win  
I'm sadder than you you'll turn like him  
and i'll turn out like her  
ill be lonely and sad  
you'll be strong and removed  
you wont have any friends  
and i'll live in a room  
with flowers on the walls  
and golden doorknobs You win  
I'm sadder than you  
You win  
i'm sadder than you  
you win  
im sadder than you  
you win  
I'm sadder than you humm-mm
