Feeling Holy

The Charlatans

Down deep I know where I wanna be
Long promised road, and an island made out of me
One drop can make you feel how I feel
Love , love can make a mighty meal on the hillOne drop, gets you feeling holy, hello below me
One drop gets you up, up and away...Bad skins in bombers, blue white and green
Chaps take a look at my hands, ain't no fruit of what it can mean
One sweet buzz, can make you feel how I feel
One sweet love can make a mountain slide up the hillOne drop, gets you feeling holy, hello below me
One drop gets you up, up and away...Shake it down, shake it down, shake it down, shake it downOne drop, gets you feeling holy, hello below me
One drop gets you up, up and away...Feeling holy, hello below me, fucking feeling holy
Feeling holy, hello below me, feeling holy
