Cry Wolf

Lisa Germano

Love is weird, loveShe's overdone it, can't go on
She caused it all, cry, cry wolf
She didn't know, she didn't want it
She does a lot of things and regrets itLove can hurt, love
Love is weird, loveA girl who wants it but has no clue
She's says she'll give it, cry, cry wolf
A change of mind in a back seat or that dirty room
They say she got just what she wantedLove can be bad
Love is weird, loveYou shoulda known better
You shoulda known better
You shoulda known, it's all your fault
You shoulda known better
You should know betterDidn't they tell you?
Didn't they tell you?Cry, cry wolf
Cry, cry wolf
Cry, cry wolf
