Awakening

Skye Sweetnam

World is painting me
Crimson lips, chestnut hair
Ivory cheeks
Streaked by
Sapphire tears
Azure Eyes, reach my
Prismic soul
My heart yearns to be called
Well today is the day
I can definately say
That the view from here
Is remarkably clear
There's more to me
Than technology
My time in the shade
Is beginning to fade
As the light grows intense
I'm getting the sense
Took time to see
What's happened to me
It's gonna end right here
(I think I've found the answer)
I'm awakening
Both feet on the ground through the
Misguided fear
I've nothing to fear
It's unconditional
This freedom that I've found
The darkness is gone
And I'm moving on
Night turns into day
All the grays gone away
Heading my own way
When am I here to stay

There's a power in me
Now my spirit is free
I'm in lasting control
And I'm ready to roll

There's more to me
Than technology
My time in the shade
Is beginning to fade
As the light grows intense
I'm getting the sense
Took time to see
What's happened to me
It's gonna end right here
(I think I found the answer)
I'm awakening
Both feet on the ground through the
Misguided fear
I've nothing to fear
It's unconditional
This freedom that I've found
The darkness is gone
And I'm moving on
Nothing can stop me
Don't try to fight it
My heart is beating faster
The sky's the limit
I'm awakening
Both feet on the ground through the
Misguided fear
I've nothing to fear
It's unconditional
This freedom that I've found
The darkness is gone
And I'm moving on
And I'm moving on
