Government

Tendead

Inbred goats lead
One world government
Burn our minds clean
A loss of atonementAll I say
Its in the back of your mind
I say
Its in the back of yourHybrid love queen
Demigod speed freak
Burn our minds clean
Awaken the weakAll I say
Its in the back of your mind
I say
Its in the back of your mindYour mind...
Freedom...
Your mind...All I say
Its in the back of your mind
I say
Its in the back of yourBorn of the seed
Majestic the weed
Burn the skys clean
Awake now the weakAll I say
Its in the back of your mind
I say
Its in the back of your
Its in the back of your mind
