

# Life's a Bell

## Langhorne Slim & The Law

If you build me up to break me down  
If you're looking for things that you never found  
Got to give it to get it  
Got to live it, less you regret itHow could everything be wrong  
When there's so many things going on  
Life's a bell that must be rung...If we live tonight like it's our last chance  
Oh, they're playing our song  
We better dance  
Got to give it to get it  
Got to live it, unless we'll regret itHow could everything be wrong  
When there's so many things going on  
Life's a bell that must be rung  
Life's a song that must be sung  
Life's a bell that must be rung  
Life's a song that must be sung  
Life's a song that must be sung
