Future Games

Fleetwood Mac

I did a thing last night you know those future games
I turned off all the lights oh, the future came
You were by my side will you explain, oh yeah
Real rhyme or reason for those future games
Now you were there last night and oh were you afraid
Of things we'd come upon while playing future games
But baby it's alright and so have faith
Oh yeah, you invent the future that you want to face
How many people sit home at night
Wondering if they will be here tonight
Wondering if children will he bring to the light
Inherit the world, or inherit the night
Wondering if neighbors are thinking the same
All of the wild things tomorrow will tame
Talking of journeys that happen in vain
Well, I know I'm not the only one
To ever spend my life sitting playing future games
You better take your time, you know there's no escape
The future sends a sign of things we will create
Baby it's alright and so have faith
Oh yeah, you invent the future that you want to face
How many people sit home at night
Wondering if they will be here tonight
Wondering if children will he bring to the light
Inherit the world, or inherit the night
Wondering if neighbors are thinking the same
All of the wild things tomorrow will tame
Talking of journeys that happen in vain
And I know I'm not the only one
To ever spend my life sitting playing future games
Future games
Future games
Future games
Future games
I know I'm not the only one
I know I'm not the only one
I know I'm not the only one
I know I'm not the only one
