

Celebrate

[Mitchel Musso](#)

I see you and me cruisin' down the freeway in my AMG
Top back with my muffler screamin' look at me
I like my subs to hit that high velocity
Tonight's gonna be, tonight you're gonna see Lovin' and lovin', this night isn't over
Let's keep on dancin' and when we get older we could be
That's what I see, I see you and me
Tonight's gonna be, tonight you're gonna see Let's celebrate and throw our cares away
Let's celebrate, celebrate today
Let's celebrate and throw our cares away
Let's celebrate, let's celebrate Me and you, doing whatever that's what we want to do
Hands on the wheel, baby, just keep me close to you
No matter which way we go, we can't lose
Tonight's gonna be, tonight you're gonna see Lovin' and lovin', this night isn't over
Let's keep on dancin' and when we get older we could be
That's what I see, I see you and me
Tonight's gonna be, tonight you're gonna see Let's celebrate and throw our cares away
Let's celebrate, celebrate today
Let's celebrate and throw our cares away
Let's celebrate, celebrate Let's celebrate and throw our cares away
Let's celebrate, celebrate today
Let's celebrate, throw our cares away
Let's celebrate, celebrate It doesn't stop, no it's never gonna stop
No feeling doesn't stop
No it's never gonna stop, no Yep, right now it's goin' down
Let me tell you what we're all about
Dance, dance it's your chance
Shake those pants, do that dance Jump, jump, move that junk
Change that sound and make it funk
If you want to jump, jump
We'll keep goin' 'til the sun comes up Let's celebrate and throw our cares away
Let's celebrate, celebrate today
Let's celebrate, throw our cares away
Let's celebrate, we'll celebrate Let's celebrate and throw our cares away
Let's celebrate, celebrate today
Let's celebrate, throw our cares away
Let's celebrate, celebrate
