Bad Feelings

UBCF

Look into her eyes
And let her know why
You wanna be
Her everything.
You don't need to call it love.
You don't need to call it love.There's been a lot of bad feelings
About life, about living.She's been feeling pretty bad about life.
She's been feeling pretty bad about life.Look into her eyes, and
Let her know why
You wanna be
Her everything.
You don't need to call it love.
You don't need to call it love.
You don't need to call it...love.
