

Telescope (feat. Hayden Panettiere)

Nashville Cast

Yeah,
Won't do no good, if you run from me
There ain't no cheatin', schemin' my heart don't see
You left your troubles in my head, in my head
You left your secrets in my bed, in my bed
You're like the cover of a book that's been read, baby
I know what line is coming next, coming next You can't hide from me,
There ain't no tricks that you can try on me
I know your every move before you even breathe baby
Thinking you know something I don't know
But my eyes, my eyes, my eyes are like a telescope You're kissing her, when my head is turned
You must be crazy baby, haven't you learned?
You can't deceive me silly child, silly child
I don't believe that greedy smile, greedy smile
My intuition can see for miles and miles baby
Every little sin, and everywhere you've been You can't hide from me,
There ain't no tricks that you can try on me
I know your every move before you even breathe baby
Thinking you know something I don't know
But my eyes, my eyes, my eyes are like a telescope You left your troubles in my head, in my head
You left your secrets in my bed, You can't hide from me,
There ain't no tricks that you can try on me
I know your every move before you even breathe baby
Thinking you know something I don't know
But my eyes, my eyes, my eyes are like a telescope You can't hide from me,
There ain't no tricks that you can try on me
I know your every move before you even breathe baby
Thinking you know something I don't know
But my eyes, my eyes, my eyes are like a telescope My eyes see
My eyes see
My eyes see
My eyes see
