

# Sirens of the Sea (feat. OceanLab)

## Above & Beyond

Take my hand, take my hand, yeah take my hand  
Follow me, follow me, yeah let's go  
To the sand, to the sand, the purest sand  
Into the sea, into the sea, yeah, let's go Out beyond the water's edge  
Far out past the coral ledge  
Underneath the diamond dancing lights  
Chase the world from far below  
Silent sleeping indigo  
Drifting down into the endless night I can not resist your call  
I can not resist your call Take my hand, take my hand, yeah take my hand  
Follow me, follow me, yeah, let's go  
To the sand, to the sand, the purest sand  
Into the sea, into the sea, yeah, let's go Leaving reason far behind  
Nothing here is cruel or kind  
Only your desire to set me free  
Let us lie here all alone  
Worn away like river stone  
Let us be the sirens of the sea I can not resist your call  
I can not resist your call Leaving reason far behind  
Nothing here is cruel or kind  
Only your desire to set me free  
Let us lie here all alone  
Worn away like river stone  
Let us be the sirens of the sea I can not resist your call  
I can not resist your call Sirens of the sea
