

# 18 Shades

## Illusion 33

all the things considered  
rainy days sigh  
not so bad  
with one exception  
this is an eviction, as to dance  
maybe its not still a dragon by  
shouldn't tell ya when i was running by  
what if we felt the same and these things will never change  
maybe it's not hyow it should have been  
shouldn't have to tell you to stop when  
why did it end this way you're eighteen shades of gray  
you're eighteen shaaades ...of gray  
its not like the walls could  
crumble down today  
its not like the screams would  
would make a sound anywaay  
all the things considered  
i ask the questions  
in an impression  
of a childhood a childhood dream  
i want the answers  
pieces of the puzzle  
but a you, you hold the chain  
maybe its not all black and white  
you told me when i was running by  
what if we felt the same and these things would never change  
maybe its not how it should have been  
shouldn't have to tell you to stop when  
why did it end his way  
you're eighteen shades of gray  
you're eighteenshaaades  
of gray  
its not like the walls could  
crumble down today  
its not like the screams would make a sound anyway  
its not like the walls could crumble down today  
all the things considered  
maybe its not how it should have been  
shouldn't have to tell you to stop when  
why did it end this way

you're eighteen shades of graay  
eighteen shades  
you're eighteen shaades  
eighteen shades  
you're eighteen shades of graay  
eighteen shades  
you're eighteen shades  
you're eighteen shades  
you're eighteen shades of graaaaay!
