

Laura's Song

Sam Densmore

I wanted to feel special
someone to take their time to know me
fall in love with me I want you to feel special
to know I'm happy that I found you
I love you This love's got me so high
It's a long way to fall
but I don't mind
Don't mind at all If i could fly
I'd write your name in white
across the clear blue sky
to show you
