

Keep You

Apartment 26

What if it's truthful? well then that is nothing
What if it's harmless? well then that is nothing
What if it's nothing? well then that is something
I think I'm onto something that I can't find

I can't find peace in this
I don't think. I don't mind.
Suck me down, down deeper
Break me down, down deeper
Search for more, keep trying
All around, keep trying
Now I'm lost

Chorus:

On my own I could save you
All I hope is that I keep you
Thought you were flying when you were failing
I just see you crying, but I'm better rejoicing

I can't live lives like these
You won't win games like these
Leaving me (my body)
Fly away

Chorus

Is that I keep you (2x)
Where am I at? I won't fake it.
Just an act. I can't fake it.
All a fake. I'm not here.
What a shame, I'm not real
Pointed out; not really;
Masquerade
(repeat)
Chorus
