Ain't No Telling

The Jimi Hendrix Experience

Well there ain't no hu
Ain't no telling baby
When you will see again
But I pray it will be tomorrow.
Well the sunrise
Is burnin' my eyes baby
Well now I must leave now
But I really hope to see you tomorrow.
Yeah Well my house is oh, such a million miles away
The feelin' there always hangs up my day
Oh Cleopatra, she's driving me insane
She's tryin' to put my body in her brain

So uh, just uh, kiss me goodbye, just to ease the pain.
Sing it, hah, sing it, hah !
Ain't no, ain't no telling baby
There ain't no telling baby
When you're gonna see me
'Cause I really hope that uh, it'll be tomorrow
You know what I'm talkin' 'bout
Wooo, yeah
Hope it'll be ah, hope it'll be tomorrow, ah
Ain't no tellin' baby
Yeah, you know what I'm talkin' 'bout
Anyway, must leave now.
