Kill Shot

Genuflect

This is a story for the glory of the whole world
Preying off of a prayer
Theres no future living life in the past
Theres no savior
Theres nobody there
All we got is a lifeline
For once in a lifetime Ive found the truth
Because they stabbed me in the back like a fucking rat
They said, Now, what ya gonna do?
And I saidGet outta my face
Outta my way
On account of blind faith take the kill shot
Murder on a Sunday
Watch 'em all drop
Down goes another lifeHad a couple good times and double the hood times
Its time to bruise
I cant believe the way that people can be so two faced and so removed
Everybodys got a mask to slide on to hide from the painful truth
But when they stab you in the back like a fucking rat
And say Now, what ya gonna do?
Then you sayGet outta my face
Outta my way
On account of blind faith take the kill shot
Murder on a Sunday
Watch 'em all drop
Down goes another lifePushing and shoving and beating us
Pushing and shoving and bleeding us
Pushing and shoving and leaving us bloody
Away we go
Slicing and cutting, the blood will come running
Away we go
Ripping and gutting and beating us bloody
And here we go now
Pushing and shoving and leaving us down
Tearing and cutting and bleeding us out
Pushing and shoving and tearing and cutting
The blood will all come running outTake the kill shotDown goes another life
