

# Embrace The Martian (Feat. KiD CuDi)

## Kid Cudi

Yeah, When you meet me, when you see me  
You know how to holla, you knowIX nay on the bullshit Mayne  
When I roll back to Cleveland, cant believe it  
Sounds of the nonbelievers  
Outcast til I'm in dirt, before it did hurt  
Now I can understand how  
You can dismiss or front on  
Ask me how I, feel about them ones with closed eyes  
My words how I feel exactly are fuck that  
I don't give a damn bout nan one hater  
Talking down, don't be afraid at all ya'll  
All I ask of all ya'll is to pleaseEmbrace the martian, embrace the martian  
I come in peace, but I need ya'll rockin' wit me  
Please, embrace the martian  
And this is how it soundsSee I must tell you all now, keep on actin' funny  
Who am me? I am here to change that  
How ya thinking often, and its startin'  
I am here to show you, how it feels to be new  
Look at what I made you, guide to teach you  
Honest, but insecure, cool  
And you are fooled  
Boutta have it heavy in my  
Malarkey mixed wit garbage  
I am here dawg, don't be afraid at all ya'll  
All I ask of all ya'll is to pleaseEmbrace the martian, embrace the martian  
I come in peace, but I need ya'll rockin' wit me  
Please, embrace the martian  
And this is how it soundsEmbrace the martian, embrace the martian  
I come in peace, but I need ya'll rockin' wit me  
Please, embrace the martian  
And this is how it soundsLicensed to ill  
I promise I won't turn the whole world to Cloverfield  
On the real, yeah I will  
I'll destroy it and then rebuild  
Just for thrills, sometimes you got to do it  
Sometimes to show the tough love  
No one is above, what you are hearin' now dude  
No matter who else included, I'm saluted  
I'm salutedNo matter who else included, I'm saluted

I'm zooted  
Oh, whether you appeal or not  
This is the real  
Real recognize real  
You, you are me  
Like it or not and I  
I am you ooh ooh Embrace the martian, embrace the martian  
I come in peace, but I need ya'll rockin' wit me  
Please, embrace the martian  
And this is how it sounds Embrace the martian, embrace the martian  
I come in peace, but I need ya'll rockin' wit me  
Please, embrace the martian  
And this is how it sounds Ooh ooh, and this is how it sounds  
In my mind, oooh
