

You're Too Young

[Lucy Spraggan](#)

It's after two
And I am all alone
she appears
She says she'll get me home
We end up lost
Inside a suburban maze
And then she says her house is on the way I should leave
It's time to go back home now
I should leave
You're too young for me She has a man
She says he's just a boy
And she won't bite
Unless it brings me joy
I don't know where all the time has gone
I don't know where all the years have gone I should leave
Put your clothes back on now
I should leave
You're too young for me I should leave
It's time to go back home now
I should leave
You're too young for me You're too young for me
You're too young
