

# Fresh Air

## DJ Earl-e

Fresh Air Some fresh air, to breathe in

Take a chance, have a dream

a safe ground to lay down

and count on what you've found

You tell me what is this

is it an earthquake?

You tell me what is this

is it an earthquake?

Does everything come back to you?

Is everything cyclical?

I only meant to be true

I only meant to be true

Some fresh air, to breathe in

take a chance, have a dream

a safe ground where I can lay down and just count on what I've found

You tell me what is this

is it an earthquake?

You tell me what is this

is it an earthquake?

Does everything come back to you?

Is everything cyclical?

I only meant to be true

I only meant to be true
