

# Sick Mind

## Quicksand

Allied in your lie  
Allied in your lie  
For the last time  
I am alive in your life When you fall again  
When you fall again  
For betraying your friends  
You said it was all out of my hands  
But that was always your plan  
Sick mind  
You got a sick mind  
Disastrous kind  
Sick mind You're gonna need help  
To fix your treacherous self  
Both loved and despised  
You got a sick mind Allied in your lie  
Allied in your lie  
For the last time  
I am alive in your life  
Sick mind  
You got a sick mind  
You are both loved and despised  
You got a sick mind
