Later On

The Swon Brothers

C'mon!

Hey baby won't you tell me what you got
Going on just a little later on tonight
How about you and me get together
Have a couple drinks
Don't you think that sounds like
A good time

You start sliding over
We can't get no closer
Ain't no room in the middle
Girl what you doing a little later
Let's go start a fire
How about you and i get
This thing
Moving shaking grooving
Baby tell me what you're doing
Later on, later on
Later on, later on
Later on, later on

Girl you shining like a movie star
And you know you look so good
I can't stop staring
And i can tell that you're feeling it to
What you wanna do
With that smile you're wearing, oh yeah

What ya say we get lost, lets go
Spend a couple hours just getting to know each other out there in the moonlight glow
And when
We get alone

You start sliding over
We can't get no closer
Ain't no room in the middle
Girl what you doing a little later
Lets go start a fire
How about you and i get

This thing
Moving shaking grooving
Baby tell me what you're doing
Later on, later on
Later on, later on
Yeah

Ohhhh
You start sliding over
We can't get no closer
Ain't no room in the middle
Girl what you doing a little later
Lets go start a fire
How about you and i get
This thing
Moving shaking grooving
Baby tell me what you're doing
Later on, later on
Later on, later on
Later on, later on

That come on feeling hitting strong
Drink it up until it's gone
This is what we're waiting on
Later on, later on
Yeah
