Closer

The Tiny

Now I'm thinking maybe, I was stoned
I felt my feet lift off the ground
And my heart was screaming

At my bones

I need you closerAs he's in the middle of the street

Then I pretend he is mine to keep

Cars are running fast on both sides

of his head, his eyes say

Closer, closerI met him when the sun was down

The bar was closed

We both have had no sleep

My face beneath the street lamp

it reveals what it is lonely people seek

Closer, closerCloser, closer

And you're close enough to lose

Close to the point, to where you know that your mind,

it cannot choose

Close enough to lose.

Close enough

to lose your heartNow I'm thinking maybe, I was stoned

I felt my feet lift off the ground

And my heart was screaming

At my bones

I need you closerCloser, closer

You met me when the sun was down

and the bar was closed

We both have had no sleep

My face beneath the street lamp

it reveals what it is lonely people seek

Closer, closerCloser, closer

And then you're close enough to lose

Close to the point, where you know that your mind, it can not choose

Close enough to lose.

Close enough

to lose your heart.
