Too Cool To Dance

Eden xo

You know I'm always looking fly
Never wear the same outfit twice
I don't even have to try
Bitches better recognize
Won't catch me waiting in a queue
In and out, merci beaucoup
I like boys with attitude
Skinny jeans and good tattoosIt's boring in the VIP
Everybody watching me
When the DJ plays it loud
Make my way down to the crowdWhen the bass kicks in
We're not too cool to dance
We're not too cool to dance
We're not too cool to dance
We don't care if no one understands
No one understands
We're not too cool to danceGot this tan in Monaco
Got these bangs in Tokyo
Went there for a fashion show
Yogi sat me in front row
Champagne kisses bubbly
If you take me home you can cuddle me
Platinum lightening in my eyes
Got my mind on my money and my money on my mindIt's boring in the VIP
Everybody watching me
When the DJ plays it loud
Make my way down to the crowdWhen the bass kicks inÂ
We're not too cool to dance
We're not too cool to dance
We're not too cool to dance
We don't care if no one understands
No one understands
We're not too cool to danceToo cool to dance
Too cool to dance
Too cool to dance
Too cool to danceWhen the bass kicks in
We're not too cool to dance
We're not too cool to dance
We're not too cool to dance (we don't care)

We don't care if no one understands
No one understands
We're not too cool to danceWhen the bass kicks inÂ
We're not too cool to dance
We're not too cool to dance
We're not too cool to dance (we don't care)
We don't care if no one understands
No one understands
We're not too cool to danceCome on baby, now
Let me show you how
Come on baby, now (We're not too cool to dance)Come on baby, now
Let me show you how
Come on baby, now (We're not too cool to dance)We're not too cool to dance
