

White T-Shirt and Jeans

Dinosaur Pile-Up

Outside it was pouring
It was pouring down with rain
It was the calm before the morning
You were calling out my name
You said, "baby boy I'm leaving
I gotta fly and run away"
I remember you were wearing just your everyday
White T-shirt and jeans
White T-shirt and jeans
White T-shirt and
Last night I was walking
I was walking far away
Yeah I was searching for a feeling
But that feeling never came
And in everyone I saw you
All the signs they said your name
All the people they were wearing
The same beautiful
White T-shirt and jeans
White T-shirt and jeans
White T-shirt and jeans
White T-shirt and jeans
Always Forever
Always Forever
White T-shirt and jeans
