

# What's Your Name?

## The Patty Duke Syndrome

Ey girl, ey, ey  
Ey girl, ey, ey  
Eh, eh, ey girl  
What's your name? Baby what's your number?  
'Cause girl you got me, got a brother wondering  
If you want a homie and a lover  
I can be your friend till the end  
Girl, wassup?  
I'm going crazy  
Ey girl, wassup?  
'Cause I wanna know if I can love ya  
Yo, girl wassup?  
Yo, won't ya be my lady, ah?  
Yeah girl, wassup?  
I wanna know who you are  
What's your name?  
I wanna know who you are  
What's your name?  
I wanna know who you are and make you a star  
Girl, I'm giving you everything 'cause my love is yours  
What's your name and number  
Damn, your double deed is making Willie mumble, yo  
Jilie jolies, I'ma rock ya till like we get down  
What you're digit? Put it in my phone  
Hit me when you're all alone  
You could call on me we'll flirt with technology girl  
Now girl, wassup?  
I'm going crazy  
Now girl, wassup?  
I wanna know if I can love ya  
Girl wassup?  
Won't ya be my lady ah?  
Yeah, girl wassup?  
I wanna know who you are  
What's your name?  
I wanna know who you are  
What's your name?  
I wanna know who you are and make you a star  
Girl, I'm giving you everything 'cause my love is yours

What's your name? Yeah baby what's your number?  
?Cause girl you got me, got a brother wondering  
If you want a homie and a lover  
I can be you friend till the end  
Would it, should it be a problem  
If I holla,
