

Wake Up

Powerman 5000

Wake up, wake up
Wake up, wake up Wake up it's time to go
You better leaves now, wake up
Wake up it's time to go
You better leaves now, wake up Take off and go to somewhere else
I'd like to see what would happen to you
Transfix the clock, the past cannot talk
To tell you that this is deadly One year older
One year meaner
One year uglier One more reason
One more riot
One more left to go Wake up it's time to go
You better leaves now, wake up
Wake up it's time to go
You better leaves now, wake up Wake up it's time to go
You better leaves now, wake up
Wake up it's time to go
You better leaves now, wake up We all came here to witness this
To watch you fall and see nothing new
But I got some news and this war is on
Destined to take it all One year older
One year meaner
One year uglier One more reason
One more riot
One more left to go, go Don't be afraid of the future
It doesn't include you, it only removes you
Don't be afraid of the future
It doesn't include you, it only removes you Wake up it's time to go
You better leaves now, wake up
Wake up it's time to go
You better leaves now, wake up Wake up it's time to go
You better leaves now, wake up
Wake up it's time to go
You better leaves now, wake up
