Left Side / Right Side

Boomkat

I've been down this road before
And I don't wanna go back
I always have regrets
About the things I say and doOh yeah, so all you people on the left side
You are the same as the right side
Come together and become greatWe've all been down this road before
And we don't wanna go back
I don't wanna have regrets
About the things I've said and doneOh yeah, so everybody on the left side
And you people on the right side
Come together, to become greatI don't know what path I'll choose
I don't think I've been so good
I'm not sure what's good or bad
What's good anymoreOh yeah, so all you people on the left side
Oh, and everybody on the right side
Come together, to become greatI've been down this road before
And I'm not going back, no, no, oh, ohSo everybody, on the left side
Oh, and all you people on the right side
Let's come together and become great
We're gonna become great, hey
We're gonna become great, heyEverybody on the west side, yeah
You are the same as the oh, east side
Come together to become greatWe're gonna become great
Oh, we're gonna become great
Oh, everybody on the left side
You are the same as the right side
