Boom

Soulfly

Every time I think about how you act
You got no life, you got no respect
Yeah, every time I think about how you act
You got nothing, nothing leftLeeches and hypocrites
They even steal the air we breathe
Pretending and faking it
To be something they cannot beYou come around when you know you need something
Stick around and try to get anything
But I know who's really down with me
Back the fuck up you bumbklaatt enemyBoom
What you got?
What you, what you got?
What you got?
BoomBoom
What you got?
What you, what you got?
What you got?
BoomBoom
What you got?
What you, what you got?
What you got?
BoomHappiness is to give back
Love one another, have respect
Give more to receive less
Give life, soul and fireUsing people like they are tools
Treating them like they're just fools
Always quiet but I know what you do
God knows and you will tooFuck you, you fuckin' disgrace
And then you act like every thing's the same
I don't dig it, I don't play mind games
Don't fuck with me and my friendsBoom
What you got?
What you, what you got?
What you got?
BoomBoom
What you got?
What you, what you got?
What you got?
BoomBoom

What you got?
What you, what you got?Give more to receive more
Give life, soul and fireWhat you got?
What you, what you got?
What you got?
Boom
