

Home

Daughter

I was drunk again, causing accidents
Oh, you're not a friend,
No you're nothing
I think I should be a little more confident
In myself,
In my skin Take me, take me, home, home
Take me, take me, home, home 'Cause I don't stand a chance in these four walls
And he don't recognise me anymore.
Burned out flames should never re-ignite.
But I thought you might... Take me, take me, home, home
Take me, take me, home, home Now he's moving close,
My heart in my throat
I won't say a word,
But I think he knows
That I've hardly slept,
Since the night he left
His body always kept,
Mine inside of it.
Keep the nightmares out,
Give me mouth to mouth.
I can't live without ya,
Take me to your house. Take me, take me, home, home
Take me, take me, home, home (Take, take, take, take...)
Take me, take me, home, home (Me, me, me, me...)
Take me, take me, home, home (Home, home, home...) But I thought you might... Take me, take me, home, home
Take me, take me, home, home Home.
