

# Trouble Bound

## The Blasters

I'm old enough to know the score  
I'm young enough to want more more more  
There's a demon deep inside of me  
Some times I let the old boy run free  
Don't think twice when the sun goes down  
I'm troublebound  
Try to make a living during the day  
Deep in the night I throw it all away  
There's a demon deep inside of me  
Sometimes I let the old boy run free
