

# Sisters Of Mercy

[Cher](#)

Your faith is not faithful  
Your grace has no grace  
Your mercy shows no mercy  
Is there nowhere out of this place? There's a baby crying softly  
In a dark and dangerous place  
She's imprisoned by no language  
Fear grips her tiny face In God's house, she's held a hostage  
By a cruel and heartless mob  
There's some rules they think God's written  
And it justifies their job Sisters of Mercy  
(Sisters of Mercy)  
Daughters of Hell  
(Daughters of Hell)  
They always weave their web of lies  
And wrap you in their wicked spell Sister of Mercy  
(Sisters of Mercy)  
Masters of Pain  
(Masters of Pain)  
They try to crucify your innocence  
And do it in God's name There's a baby sobbin' softly  
In a crib that's now a cage  
She's done nothing to deserve this  
But it sanctifies their rage They use God like he's a weapon  
Only for a chosen few  
Then hide behind pious faces  
Like the guilty always do Sister of Mercy  
(Sisters of Mercy)  
Mothers of Shame  
(Mothers of Shame)  
A baby only gets to heaven  
If she's baptized in His name Sisters of Mercy  
(Sisters of Mercy)  
Daughters of War  
(Daughters of War)  
These chicks administer your penance  
While the devil guards their door Your faith is not faithful  
Your grace has no grace  
Your mercy shows no mercy  
Is there no way out of this place? There's a baby who's a warrior

Sometimes tears run down her face  
As she wonders should she fight  
Or simply banish from the race  
She's only learned one lesson  
It's fight comes before a fall  
The karma train waits for no man  
But God waits for us all  
Sister of Mercy  
(Sisters of Mercy)  
Twisters of Truth  
(Twisters of Truth)  
I can't condemn you or forgive you  
For your sins done in my youth  
Sisters of Mercy  
(Sisters of Mercy)  
Daughters of Cane  
(Daughters of Cane)  
I see their wilted, fading powers  
Rotting flowers, left like rags out in the rain  
Sisters of Mercy  
(Your faith is not faithful)  
Daughters of War  
(Your grace has no grace)  
Your mercy shows no mercy  
(Is there no way out of this place?)  
Is there no way out of this place?  
(Your faith is not faithful)  
Your grace is no grace  
(Your mercy)  
Shows no mercy  
(Is there no way out of this place?)  
Is there no way out of this place?  
Your faith is not faithful  
Your grace has no grace  
Your mercy shows no mercy  
Is there no way out of this place?
