

Boomerang

Jidenna

No, no, no, no
Mmm, mmm
No, don't leave me
No, don't leave me
No, no I thought of leaving
I want the key
I wanted what
I want it all
I want the lid
She got a grievance
She want the key
She want the key
She want the car
She want the crib
It might be, it might be about that
My moves need to be about that
Body pullin' me to fuel you
Try to leave ya, but I still don't go Even if I wanted to
I come back around
Even if I wanted to
I come back and we just go around, babe Bang, bang, boomerang
Do you love or hate me now, babe
Bang, bang, boomerang
I can't believe it all began with a joke and champagne
I really never cared about it
If you plantin' or plantain Boomerang
Boomerang, boomerang, bang
Doin' like boomerang
Boomerang, boomerang, boomerang, bang
A girl no need to pretend
A girl no need to pretend
A girl no need to pretend
She want key
She want the car
She want the crib It might be, it might be about that
My moves need to be about that
Body pullin' me to fuel you
Try to leave ya, but I still don't go Even if I wanted to
I come back around

Even if I wanted to
I come back and we just go around, babeBang, bang, boomerang
Do you love or hate me now, babe
Bang, bang, boomerang
I can't believe it all began with a joke and champagne
I really never cared about it
If you plantin' a plantainI don't mind it bein' likeBoomerang
Boomerang, boomerang, bang
Doin' like boomerang
Boomerang, boomerang, boomerang, bangLookin' out of a window 'bout the things I knew
Lookin' out of a window 'bout the things I knewDrinkin' my Seagrams
Got peace like we need friends
I look down and I need them
'Cause everything come back around, babeBang, bang, boomerang
Do you love or hate me now, babe
Bang, bang, boomerang
I can't believe it all began with a joke and champagne
I really never cared about it
If you plantin' a plantainI don't mind it bein' likeBoomerang
Boomerang, boomerang, bang
Doin' like boomerang
Boomerang, boomerang, boomerang, bang
