All The Time In The World

Dr. Hook

Lay down, let's explore this tenderness between us
There ain't no one around at all to see us
And baby would you mind it maybe you and I
Took a little time to find each other?Baby, we got all the time in the world
So, why don't we just take it nice and slow?
We got everything we need to plant a lovin' seed
And all the time we need to watch it growStay down, stay at least until the fire stops burnin'
At least until the room has stopped its turnin'
And when the embers dyin' low, we're lyin' in the afterglow
It'll be as sweet as anything we've ever knownBaby, we got all the time in the world
So, why don't we just take it nice and slow?
We got everything we need to plant a lovin' seed
And all the time we need to watch it growBaby, we got all the time in the world
So, why don't we just take it nice and slow?
We got everything we need to plant a lovin' seed
And all the time we need to watch it growBaby, we got all the time in the world
So, why don't we just take it nice and slow?
We got everything we need
