Rain

Audiovent

Rain
Comin' to cleanse
Will she fall?
Stares into the wind
And she cries
Her tears mark everytime
That I swept the pain aside
Too much to withstandWhen the rain is comin'
She will face it all
(It's all on me, all over)
And when it's overflowin'
Can she break her fall?
(Until I deal, I can't move on)Rain
Comin' to vent
All she hides
Unable to move
Though we try
Her feet off of the ground
My will can bring them down
If I'd open my eyesWhen the rain is comin'
She will face it all
(It's all on me, all over)
And when it's overflowin'
Can she break her fall?
(Until I deal, I can't move on)Can the sun break through the clouds
To reveal what we've found?When the rain is comin'
She will face it all
(It's all on me, all over)
And when it's overflowin'
Can she break her fall?
(Until I deal, I can't move on)And when the rain is comin'
(When the rain is comin')
(Yeah)
When it's overflowin'
(When it's overflowin')
(Yeah)
And when the pain is showin'
(When the pain is showin')
(Yeah)

When the rain is comin'
Flowin' down
