

3 Rings

Insane Clown Posse

Hello!

You have a collect call from Cuckoo

Please answer the following question, "Yes or no"

Will you pay for the call? Is this on?

Gather around my wealthy friends and enjoy the horrifying sights

Only your worst nightmares could produce

Actual human beings of a deformed nature

Come at once, and come and indulge yourself

In our own twisted amusement of another's misfortune

Yes, Ladies and Gentlemen, enter our three ring show of freaks Ring one, a dung a dung dung

My name's Violent J and I staple my tongue

To the desk in school then I run down the hall

Scaring the shit out of all y'all bitches Which is why you don't invite mine to your parties

Just 'cause I don't look like everybody

I guess they're bunch of richboys, bitchboys

Scary, bula! And what's the big deal about my neck

Just because now and then I like to let it stretch

Up a couple feet to get a better sight

Is that any reason to scream and run in fright No, so, now how ya gonna act?

So what if I got another arm growing out of my back

I guess, I'm just another freak show thing

And now they got me in the three ring Three ring a ding a ding ding

People love to point and stare

Three ring a ding a ding ding

It's the same as everywhere Three ring a ding a ding ding

People love to point and stare

Three ring a ding a ding ding

It's the same as everywhere Ring two, how do you do?

I'm Shaggy 2 Dope, chicken-faced bitch, who?

You don't try to front ho

Try to play me out just 'cause I'm running with the sideshow Or maybe it's the leg growing out my neck

But don't jet baby, heh, not yet

I'm popping in like a pound of lead

Black 'n' blue, his next roll and drop me on my head Oh shit, I knew I had to fuck up my circuits

'Coz when I was two my momma left me at the circus

Abandoned at the carnival with the freak shows

Like bad boys, hermaphrodites and old man crow But then I escaped to the ghetto zone

Started a crew of my own, motherfucker, I'm not alone

So don't be stickin' your finger in my face stank

Or your stomach might receive a shank from the
Three ring a ding a ding ding
People love to point and stare
Three ring a ding a ding ding
It's the same as everywhere
Three ring a ding a ding ding
People love to point and stare
Three ring a ding a ding ding
It's the same as everywhere
I certainly hope you enjoy yourselves
Here at our three ring exhibit
But to be honest I really don't see
What's so fucking funny about it
These fucking people are real!
Ring three, the ICP
Look if you want but I wouldn't lay a hand on me
That's how you get fucked up
We'll squeeze your windpipe shut
Yo, I'm a nerd word, I drink from the bird
Have Snake woman kick my love to the curb
She busted into my tent, now I'm fucked
Had the fat bearded lady in the buck, uh
Fuck that bitch, suck that
I was born with a wang but I never had a nut sac
Just two balls hanging with no protection so
I move real careful and slow
You can call me a weirdo, call me a freak
Call me Don Knots 'coz I'm getting on it every week, uh
So come see the carnival and throw me your change, bitch
I chill with the three rings
Three ring a ding a ding ding
People love to point and stare
Three ring a ding a ding ding
It's the same as everywhere
Three ring a ding a ding ding
People love to point and stare
Three ring a ding a ding ding
It's the same as everywhere
Well, that's it
I hope you're satisfied
I hope you had a good time
You fucking heartless bastards
You saw what you wanted
So grab your fucking kids
And that fat flop of shit wife of yours
And get the fuck out of our circus tent
You cold-hearted sons of bitches
You think they look fucked up
Just wait till I kick your
Fucking lips in a couple times
You'll be sittin' up here like a bitch
And we'll laughing at your folded ass
They'll call you lumpy after I done put knots
All over your fuckin' forehead
Yeah, hey, hey little boy, come here
How'd you like it if I tied your neck in a knot
You fucking little bitch
Come here, I'll shove that fucking corn dog up your ass
Get the fuck out of here
Show's fucking over

Get the fuck out of here
You fucking heartless bastards
