Bumble Bees

The Murmurs

I know I'm not the only flower you see
But what can I do, you are a good looking bee
Wham bam, thank you mam
Oh bumble bee, bump into me
I am in for pollination
Bumble bee, take what you see
I'm in need for your donation
I can't wait for your invasion
Be my love
'Cause I'm a single flower, feeling free
Blooming now
Take me honey, be my favorite bee
Hey Rose I'm ready again
I got my radar tuned in on you baby
I'm all set and ready to land
I'm the bum, here I come
Getting ready for a wham bam
Bumble bee, bump into me
I am in for pollination
Bumble bee, take what you see
I'm in need for your donation
You don't need no invitation
Wham bam, thank you mam
I'm going wham bam, thank you mam
I'm a true believer, that goes for what I see
And one little flower is not enough for a bee, like me
All I know
Is you're my honey and I can't say no
Just a little bit shy
And so excited when I see you fly
Hey Rose I'm ready again

I got my radar tuned in on you baby
I'm all set and ready to land
I'm the bum, here I come
Getting ready for a wham bam
Bumble bee, bump into me
I am in for pollination
Bumble bee, take what you see

I'm in need for your donation
You don't need no invitation
Wham bam, thank you mam
I'm going wham bam, thank you mam
I'm a true believer, that goes for what I see
And one little flower is not enough for a bee
No, one little flower is not enough for a bee, like me
I know I'm not the only flower you see
But what can I do, you are a good looking bee
Honey, it's a job, it's a dream come true
You're my favourite flower, when I'm intimate with you
Wham bam, thank you mam
I'm going wham bam, thank you mam
I'm going wham bam, thank you mam
I'm a true believer, that goes for what I see
And one little flower is not enough for a bee
Going wham bam, thank you mam
I'm going wham bam, thank you mam
I'm a true believer, that goes for what I see
And you my flower ain't enough for me
You got to be faithful
It's not fair for a bee
You got to be faithful
It's not fair for a bee, like me
