

# Moving Along

## Pato Pooh

You know we're moving along  
i wish i could have told you  
    all the things i wanted to say  
        in the sheets  
        i kept real quiet  
        emotions are useless  
        that's what i'd say  
        i remember  
when you rode down on the metro  
    just to tell me  
        love is real(love is real)  
but that's not how i feelyou get close  
    i keep my distance  
        i never thought i would miss this  
        i think somethings going wrong  
        you can feel it in this song  
        you get close  
        i keep my distance  
        i never thought i would miss this  
        i think somethings going wrong  
        you can feel it in this song  
you know we're moving along[x2]  
i never felt more like dying  
    when you left  
        i felt so empty, my body aches  
        i'm so damn cold i still can't  
            feel you inside of me  
        now i feel like nothings working  
            this pain is growing  
        now im asking..was it real(was it real)  
        i can't stop how i feelyou get close  
            i keep my distance  
        i never thought i would miss this  
        i think somethings going wrong  
        you can feel it in this song  
        you get close  
        i keep my distance  
        i never thought i would miss this

i think somethings going wrong  
you can feel it in this song  
you know we're moving along[x2]
