Bullet in the Head

Sodom

Exploitation of young consumer groups
Inspired to say yes
Debasement by your mad persuasion
Destroyed while you progressBullet in the head
Kick the bucket, are you prepared?
There is a bullet in your head
To stop the way, you earn your breadCold blooded and mendacious
Selling of illusions, ferocious without remorse
You give them a trip like there is no tomorrow
Don't care what H will causeBullet in the head
Kick the bucket, are you prepared?
There is a bullet in your head
To stop the way, you earn your breadSuffer the children coming to me
Enjoy the habit, the first is free
The best you can get between heaven and earth
Nothing ventured, nothing gainedBullet in the head
Kick the bucket, are you prepared?
There is a bullet in your head
To stop the way, you earn your breadBullet in the head
Kick the bucket, are you prepared?
There is a bullet in your head
To stop the way, you earn your bread
