Tranquilizer

Thurston Moore

I used to think when I was young
I used to think I was so strong
In all my days I'd never cry
I don't know why I'd never cry, I'd rather hide
I used to think if I believed
In all my dreams I'd never grieved
In all my days I'd never cry
I don't know why I'd never cry, I'd rather hide
I'm not prepared, I'm not prepared
I'm not prepared, I'm not prepared
I'm not prepared, I'm not prepared
I'm running scared
I need the strength to carry on
I need to feel that I am strong
I need to feel that I won't fall
I'll never crawl, no I won't fall, I'll never crawl
I'm not prepared, I'm not prepared
I'm not prepared, I'm not prepared
I'm not prepared, I'm running scared
I'm not prepared
Open the doors and bring it on
When we're together we are strong
There is no mountain we can't climb
I just need time, I just need time, I just need time
I'm not prepared, I'm not prepared
I'm not prepared, I'm running scared
I'm not prepared, I'm not prepared
I'm running scared
Tranquilizer, tranquilizer, tranquilizer
Desensitize her, tranquilizer, tranquilizer
Desensitize her, tranquilizer, tranquilizer
I need the strength to carry on
