Bar Time

Rhino Bucket

Early Friday morning
Got a gin soaked throat
Caught a cab, left my brand new friend behind
Got no early warning
I got to go on alone
Left a note, but forgot to write goodbye
Losing control now
But having some fun
Doing bar time
Doing bar time
Got myself a problem
She's got nice long legs
Made it home as walking out the door
Always in denial
I don't know where I've been
Tries to smile as I fell down to the floor
Who's in control now
Who's gonna take the blame
Doing bar time
Doing bar time
Doing bar time
Doing bar time
Ain't gonna try and change it
Sometimes the night just turns into day
Doing bar time
Doing bar time
Doing bar time
Doing bar time
Doing bar time, I'm having too much fun
Doing bar time, I gonna go on
Doing bar time, Don't want to ever change
Doing bar time, I hope I get to stay
Doing bar time
Doing bar time
Doing bar time
