

Together Again

Ryan Cassata

[Verse 1]

You and I can have a house
You and I and no one else, it's true
You and I can have it all
You and I, madly, we'll fall in love

[Chorus]

Our day is coming, angel
Our day is coming so soon
Our day is coming, angel
Our together again

[Verse 2]

Oh come on, baby, smile like you do
In this distance, I'm chasing you
I always do
And when you put on your dress
You always look the best, I promise you

[Chorus]

Our day is coming, angel
Our day is coming so soon
Our day is coming, angel
Our together again

[Outro]

Our together again
