

# Give It Up

## Ufo

Well, here's the good news, angel  
And here's the bad, it could hurt you, darling  
It could make you happy or sad  
Ooh, here she comes now It was a radio, playing on the running board  
With a, hey, someone singing, oh, my sweet lord  
She was calling now, come on in, let's get free  
Where we go doesn't matter, darling, if you just love me 'Cos falling down, time after time  
Falling into the sea  
And standing up's tough enough  
Tough enough for me Oh, give it up, give it up, it's raining stones  
Give it up, darling, rattling bones  
Give it up, give it up, it's called fate  
Give it up, darling, lift off this weight I've laid down in the gutter, looking up at the stars  
Washed by the rain and these passing cars  
I wanna feel something and it's called happy, again  
I'm gonna leave the town, change my name, won't be back again 'Cos falling down, time after time  
Falling into the sea  
And standing up's tough enough  
Tough enough for me Oh, give it up, give it up, it's raining stones  
Give it up, darling, rattling bones  
Give it up, give it up, it's called fate  
Give it up, darling, lift off this weight Oh, give it up, give it up, it's raining stones  
Give it up, darling, rattling bones  
Give it up, give it up, it's called fate  
Give it up, darling, lift off this weight Give it up, give it up, it's raining stones  
Give it up, darling, rattling bones  
Give it up, give it up, it's called fate  
Give it up, darling, lift off this weight Give it up, give it up, it's not too late  
Give it up, darling, rattling bones  
Give it up, give it up, don't let go  
Give it up, darling, lift off this weight Give it up, give it up, it's raining stones  
Give it up, darling, rattling bones  
Give it up, give it up
